

3D Barrels and Poles

Contestants can enter more than 1 time.

1st Run - \$30

Each Additional Run \$15

All Around Points will be identified as "Horse 1", if you run more than 1 horse they will be identified as horse 2, horse 3, and horse 4. This is so that the computer will know what horse is your all-around points horse.

How will the 3D Format work?

We will be using a 1 second split

Points are based on the rider, not horse. Points will be determined using the following point system for each D.

1st Place - 5 Points

2nd Place - 4 Points

3rd Place – 3 Points

4th Place - 2 Points

5th Place – 1 Points

6th Place and higher - 0 Point

If a rider places more than once in any "D", only the highest point-earning run will be counted for that particular "D". If placing in different "D", you can claim points for that D too. Basically, no more than one run can count per jackpot in any one "D":

Should a rider place in any one class more than once, they will keep their highest designated points. The forfeited points will be awarded to the next eligible point earner in that particular D.
